

Private Sewage Collection System Workflow

* In addition to inspections by the City of Tucson, the project will be constructed and inspected under the direct supervision of a Professional Engineer, registered in the State of Arizona.

** After construction and final inspection, a Professional Engineer, registered in the State of Arizona, will prepare "As-built" plans and an Engineer's Certificate of Completion, and submit that information to PDEQ for approval along with all construction testing as required in accordance with Arizona Administrative Code R18-9-E301 (including manhole testing, sewer line leakage testing, deflection testing, and uniform slope testing) in order to receive a Verification of General Permit Conformance.
